

Namibia Shark fishing from £2750

The ultimate beach fishing experience

Well, you've read all the hype, here's your chance to pit your skills against the meanest beach fish in the world.

Even though you are fishing with 1 piece 14ft surf rods and modified boat multipliers, these hard fighting monsters will test you to the limit with fights of 2 hrs not uncommon and temperatures in the mid 30s, this is probably as hard as it gets from the shore.

Our high season is from 1st October to 31st March. During this time all local fish species are also in abundance. The main target species during high season is the Bronze Whaler Shark, more commonly known as the "Bronzie". Although the general opinion is that they move away from the coast to deeper waters between April and September. Several "Bronzies" have been landed during this time but results vary noticeably.

Several top professional guides, with 4x4s, are available to attend to our angling guests & their needs. Anybody, from the novice to the experienced angler, can benefit from their skills. All quality tackle and baits form part of our package.

Bronze Whalers

The angler accessible shoreline on the Skeleton Coast of Namibia is about 300 km long and offers a huge angling area providing you know where to go. Henties Bay is right in the centre of this area.

Like all over the world, weather and water conditions can affect any angling results. For this reason we recommend that guests stay for 10 days or more as this would increase the chances of success.

All "Bronzies" are tagged, weighed by electronic scale, photographed and released

Other Target Species

Besides the highly regarded Bronzie, good specimens of Kabeljou, Steenbra, Galjoen and Black Tail are all known as good edibles.

These, Spotted Gully Sharks and other species, can be caught all year round. They all provide

top fishing fun and this year good specimens have already been landed with Sea Ace Guides in assistance.

It is left to our angling guests to decide on the species of their choice. Our guides can assist you in choosing your target species depending on the water conditions.

Accommodation

Guests have the option of 4 double/twin rooms and 1 family flat.

To accommodate a total of up to 12 persons sharing or 6 singles. All rooms are serviced En-suite and main facilities

Telephone and e-mail facilities are available for those that want to stay in touch with their office or home.

Laundry & ironing is available at a small service fee.

Meals:

Meals include: English breakfast, lunch packs with soft drinks and cooked/grilled/BBQ dinners.

Safaris

Year round we can offer tailored vacation packages that can combine fishing with a safari through the outstanding safari park of Etosha

Safaris through Etosha are of any length but are typically of 4 days with 3 overnight stays. All accommodation is in excellent lodges within the park.

Alternatively, we can arrange either exciting day trips that can include desert quad bike tours, sand boarding, skydiving, horse riding, paragliding, dolphin cruises, hot air ballooning and scenic flights or we can tailor a sight seeing package for you.
