## BIG GAME FISHING

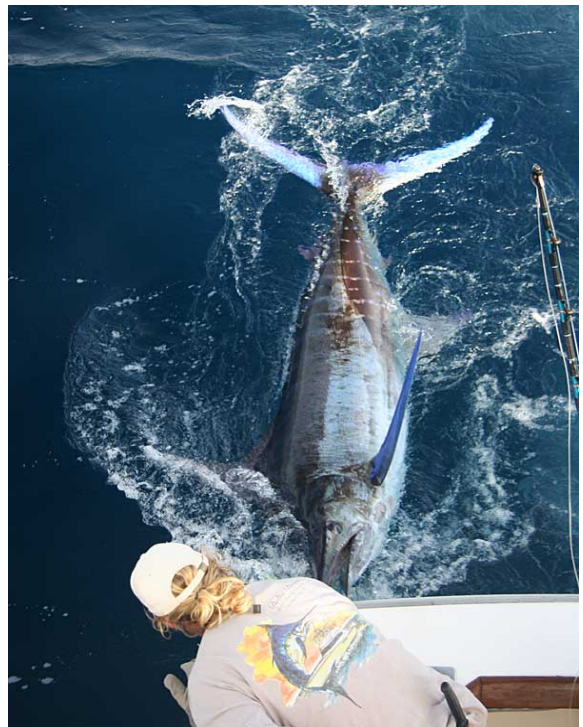

and

## BIG GAME VIEWING

*“Experience one of the most professionally run sport fishing operations on the planet going hand in hand with one of the best hotels in the world “*

*Malindi is supremely well positioned to offer outstanding Bluewater sport fishing, not half a mile from the hotel. The rapid drop off into Bluewater means an abundance of food for the oversized predators that frequent the steep banks and undersea mountains just off shore. Huge Yellowfin Tuna, Sailfish, Tiger, Bull and Hammerhead sharks, Marlin, Wahoo, Dorado to name but a few can be caught within sight of the hotel..*

*Equipped with the best tackle that Shimano and Penn have to offer, you can look forward to some arm wrenching sport aboard B's nest, Simba, Ol Jogi and White bear. These are some of the nicest sports boats you will ever see and Hemingway's no compromise attitude to quality extends to the crews and captains as well. The sport fishing operation runs like a Swiss watch with every crew member responding to a hook up with skill and confidence which can only serve to put even a novice at ease. Trolling combinations of Skirted lures, teasers, fish baits and Rapalas will produce a wide range of hard fighting sportfish and once you have pinned down what their taking on that particular day the hard work really starts. During the low season frenetic sport can be had with the huge schools of Yellowfin Tuna which frequent the North Kenya banks.*

However watch out as if you hang about on these for too long that fish of a lifetime may become that :- **HALF THE FISH OF A LIFETIME!!!**

As you can see huge Bull, Tiger and Hammerheads hunt the Yellowfin and if Shark fishing is your idea of fun then, Hemingways has them in abundance. Hundreds of sharks are landed from the Malindi boats every year. Slow Trolling a live 15kg Tuna that's just taken you 15 minutes to get to the boat may sound a bit extreme, but that's the best bait, and most anglers will not even have seen a 25/0 hook let alone used one. Be ready for a hefty workout, because if catching the bait didn't wear you out, what comes next certainly will. A 400lb Bull shark will not give up without a scrap, so get set for about a 4 hr fight, if past experience is anything to go by.

High season offers Marlin, Sailfish, Broadbill swordfish and Carambeses all supreme fighters on matched tackle. The operation caters for all types of angler from Novice to expert.

Heavy tackle to fly fishing, the experience built up here means that however you want to target your chosen quarry, Hemingway's has the know how to make happen. Numerous line class and all tackle records testify to the crew's abilities to hook that big one.

**Hemingways** is superb, offering luxurious accommodation, excellent cuisine, beautiful surroundings and a level of service that can be found in only the world's best hotels. Our manager oversees the operation to ensure that it is friendly but refined, and this means a fantastic stay every time. Alongside the fantastic fishing this can be a complete holiday, Hemingway's offers the complete Kenya experience with Big game safaris, bush walks, Dhow trips, Scuba diving, bird shooting and much more.

*The hotel itself has a range of rooms, but all offer a comfort and style to befit the surroundings. In the bar you can tell tall tales well into the night, whilst surrounded by the trophies of over 20 years top class bluewater fishing.*

*The Manager and his staff ensure that your stay is such that you will just never want to leave.*

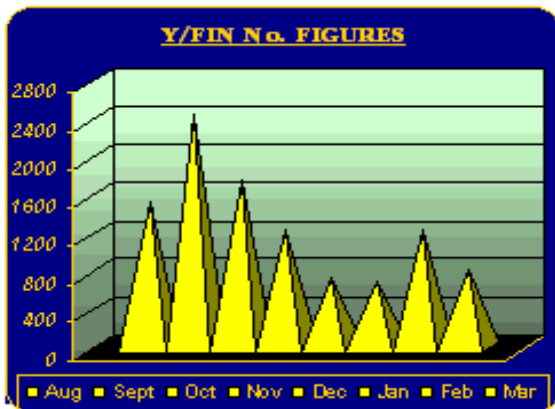

***Turtle bay resort.*** *For families and a more budget minded option we also offer the excellent Turtle bay resort, this All Inclusive resort can offer numerous facilities to entertain all ages whilst still being in a prime position for your sport fishing days. Turtle bay has long been a favourite with UK visitors to Kenya and can arrange the same safari and beach packages as Hemingway's. Also available for those on a tighter budget is the fantastic Turtle Bay All Inclusive hotel.*

*Alongside the superb accommodation, there is also a myriad range of species ready to test your angling skill, as you can see below there are no shortage of hard fighters off the Kenya coast.*

*For the fly fishing enthusiast this is a blue water Mecca, with all the crews having wide ranging experience, in targeting many species on the fly, the adrenalin rush induced by the take of a sailfish on a fly rod is never to be forgotten.*
